The Alleged swindle and breach of trust is said to have occurred in the deal through which he and the other trustees of the Canal Company obtained control of the Panama Raniroad in 18s1 by the purchase of 68,534 shares of the stock from a syndicate of saarcholders. The price paid was from \$250 to \$995 a share, though it is alleged that they were not worth the par value of \$100.

Fortunate is the man or woman residing in a malaria-ridden locality who escapes the dreaded acourge. Not one in a thousand does. When the endemte is a periodical and wide-spread visitation, it is just as common to see whole communities and fering from it as single individuals. The most vigorous constitution is not proof against it how much less a system feeble or disordered. As a means of protection against malaria libesteter's Stomach Bitters is the supreme medicinal agent, It will uproot any form of malarial disease implanted in the system, and even in regions misematic complaints are most malignant and deadly, such as the lethinus of Panama. Guatemals and the tropics generally, it is justly regarded as an efficient asfeguard. No less efficacious is it as a curative and preventive of chronic indigestion. liver trouble, constipation, rheumatism, kidney complaints and is grippe.

In Every Case the Presence of Catarrh Is an Evidence of Predisposition to Consumption, Say Doctors McCoy and Wildman.

PROVIDENCE, R. I., March 31.—The "fighting Democracy" railled here last might in response to the bugic call of The New York World, and at 8 o'clock the battle for the resouse of Rhode Island from Republicanism was on, with a manifest fervor and enthusiasm that filled the opposition with dismay. Rvery Democrat in Providence and its vicinity was 1. the monster procession that paraded the streets, with bands of music, uniformed inflittary and transparencies that called for free wool and fron and coal. The city rang with cheers all night. The largest hall in two, infantry Hall, had been chosen for the meeting, but it was too small for the crowd.

More than one thousand people remained outside, held in the spell of Democratic enthusiasm with which the air was teeming.

The New York World was on everybody's tongue. Over and over again the story was tool that The World had suggested opening the Presidential campaign by laying slege to this Republican stronghold, and had outlined the plan of campaign, bringing the most effective orators of the party to the field by appealing strongly to their sense of duty.

In the story was the base of duty.

The General Term of the Supreme Court has reversed the judgment which the American Bank Note Company secured against the Metropolitan Elevated Railroad Company in an action for damages to its property.

The judgment of the Special Term enjoined the operation of the road unless fee damages were paid, and awarded a large sum for past damages.

The Court holds that as this action related entirely to realty, damages to personal property could not be recovered in it.
